Switch to Neo Stereolithography for Large, Low-Cost Single-Material Prototypes

6 Reasons to Upgrade to the Neo®450/800

Superior Part Surface Finish and Mechanical Properties
Achieve precision with up to 50% less labor time.

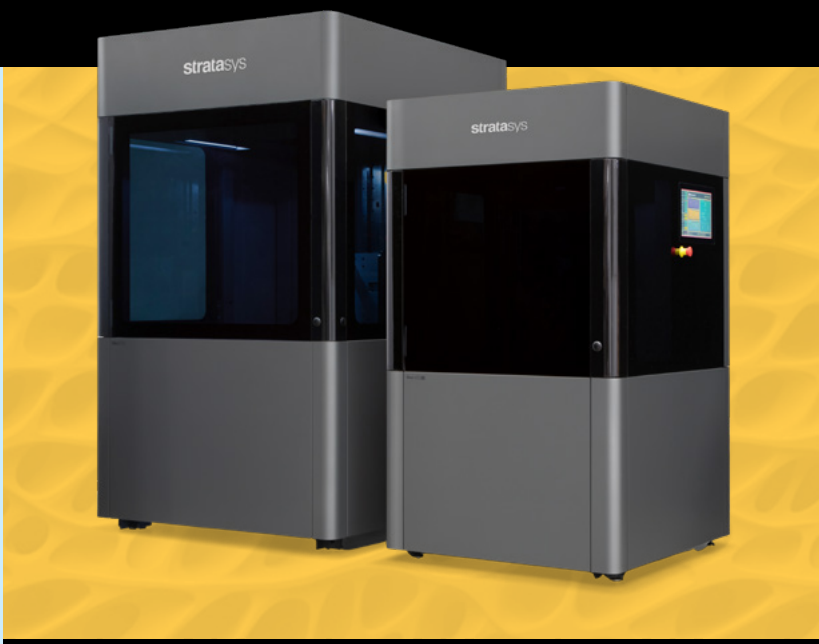
High Flexibility to Suit Demands
Switch multiple vats in one system. Also build small intricate parts in HD and small to medium parts in SD, all on the same print and the same platform.

High Uptime & Yield
Designed by engineers for engineers, the Neo450 showcases a generous 17.7"x17.7"x15.7" build platform and the Neo800 a massive 31.5"x31.5"x23.6" build platform. Neo's engineering excellence ensures reliability and maximum productivity.

Versatile Applications
Explore limitless options with an open material system using any commercially available 355 nm resin.

Intuitive Software
Easily perform standard build operations, monitor prints, access detailed build reports and more.

Global Service & Support
Trust Stratasys-backed assistance in 22 countries and major markets.



For a limited time

Buy Neo Stereolithography 3D Printer

Get Up To 25% Credit
for materials, software, service contracts, post processing equipment, or a second 3d printer

Build high-quality parts with superior surface quality, accuracy and detail on an open material system.

Valid for POs received and systems shipped between 01-Mar, 2025 and 31-Mar, 2025

Call: 1.800.801.6491

Not to be combined with any other offer. All items selected on credit must on initial PO and shipped with system.
No substitutions or returns on items taken with credit. No additional discounts allowed on this promotion. GrabCAD Print Pro required for full credit to apply.
